

# Tutor Hunt

## “Private Tutors & Personal Tutors For Home Tuition”

The schools pages here give the parents a comprehensive guide to local schools. One feature which we are looking to add is to show a schools catchment area. We aim to implement something similar to the below heat map for each school.

To implement this we would need pupils post code data for all schools.

Heat map key

► **Subjects:** Biology, Computing, English

“Tutor Hunt was formed in 2005 and has slowly grown to be one of the largest tuition web sites within the United Kingdom with more than a quarter of a million registered users signed up.

“A large proportion of these registered users are parents. Tutor Hunt has created a schools guide, to help them review local schools (web page: <https://www.tutorhunt.com/schools/>). The schools pages give parents a comprehensive guide to local schools. One feature which Tutor Hunt are looking to add is to show a school’s catchment area.”

“For each school we want to show where the current intake comes from.”

**Tier 1:** pupil level, identifying and highly sensitive

**From:** Granted data on: 03/4/2015

**Until:** 31/03/2017

**Where:** UK company, data all England

[Download original application request \(.pdf 209 kb\)](#)

**Data granted: All pupils at all schools:**

1. Post Code

2. Date of Birth (Month and Day only)

OR

pupils Year Group

3. Schools Unique Reference Numbers

**Company website:** <https://www.tutorhunt.com/>
