## New non-consensual data flows from new powers in this Bill

"Children notin-school" routinely wrongly conflates those in Home Education (EHE), educated otherwise (EOTAS), flexi schooling and those missing education (CME)

TBC??? This happens to school pupil data today — will it to children in EHE and private schools also?

From: Department for Education To: Other government departments (DWP fraud detection, Home Office immigration enforcement, Police in one-offs and bulk.) **About:** Children and their home address and used to confirm parental details TBC

TBC??? This happens to school pupil data todav - will it to children in EHE and private schools also?

From: Department for Education To: Wide range of third party reuse incl. commercial, press, think tanks, research About: Children and state school pupils (now aged up to 48) information sharing at... individual, identifiable level

subject to change as Bill progresses May 15, 2025

Data use and access for direct and indirect care are not distinguished in the Bill

Clause 31: 436F(1)(2) Information Sharing

From: Local Authorities To: Department for Education About: Children at child level

Westminster **Department for** Education ("DfE")

Secretary of State powers

Clause 31: 436E(3) (436B) (436C(3))

From: Education providers To: Local Authorities

About: Children and parents (who have not chosen to register in breach of parents duty
